

## EXCESS PROFITS TAX NOT RETAINED

Senate Votes to Keep Measure Until New Year's; Rate Lower

## INCOME TERMS FIXED

First \$4,000 to Yield 4 Per Cent; 8 Over That Grand Total

WASHINGTON, Oct. 25.—The Senate today voted 73 to 27, against retaining the excess profits tax after January 1 at the present rate. The proposal was offered by Senator Flood, Democrat, Missouri, who immediately afterwards proposed retention of the profits tax at reduced rates.

Normal tax rates of four per cent of the first \$4,000 of income and a per cent on all over that amount were approved today by the Senate without a record vote. These are the rates now in force.

## No Delay on Vote

The committee amendment proposing these rates, which the Democrats sought to amend yesterday without success, was approved without a debate after the Senate met. There was no discussion of the measure. Senator Flood, Democrat, Missouri, introduced yesterday a bill to amend the excess profits tax law, which would have provided for a reduction of the rate to four per cent on the first \$4,000 of income and a per cent on all over that amount. The bill was passed by the Senate without a record vote.

Also without a record vote, the Senate adopted an amendment by Senator Hitchcock, Democrat, Nebraska, under which income paid in 1921 and 1922 on indebtedness incurred to purchase or carry tax-exempt securities issued by the United States would not be deductible for purposes of determining net income.

Democratic leaders having refused to enter into an agreement for a date for a final vote on the tax revision bill, Republicans went ahead today with plans to hold the Senate in continuous session beginning tomorrow, until the measure is passed.

## Agree to Limit Debate

At conferences today between spokesmen for the majority and minority, the Democrats were understood to have agreed to a limitation of debate as was done in the case of the peace treaty with Germany, Austria and Hungary.

They said an agreement for a final vote was out of the question as unanimous consent would be refused by individual Republican and Democratic senators.

Meantime the majority has changed its plan as to the method of forcing continuous sessions. Instead of proposing a resolution, as announced yesterday, they decided to keep a quorum on hand night and day and thus prevent a recess or adjournment. They thought a few days and nights of continuous meeting would force an agreement for a vote.

## NO RECOGNITION YET

Decision of Mexican Supreme Court in Oil Matter Not Enough to Satisfy United States

WASHINGTON, Oct. 25.—The decision of the Mexican supreme court that article 27, giving the Mexican government control of sub-soil property, is not retroactive is not sufficient to satisfy the United States. State department experts have just completed a study of the decision and report that it does not meet all of the demands of this government with regard to American property rights in Mexico, although it obviates some of the differences of the past.

## MOTHER-IN-LAW SUCCEEDS

Says Her Rule Was Tending to Her Own Business and Avoiding Quarrels

NEW YORK, Oct. 25.—An unusual welcome to a mother-in-law occurred today when the liner United States got in from Copenhagen.

Mrs. Inger Marie Sorenson, who is 71, was greeted by her son-in-law, Hans Johnson, who drove all the way from New York from his home in Dallas, Texas, with his wife and several other relatives to meet her. He said she was going to stop with him for a year and as much longer as he could persuade her to remain.

Her cure for the troubles of mother-in-law was to mind her own business, she said, and not try to settle the affairs of her children.

## Test Suit on Grain Bill

CHICAGO, Oct. 25.—But to test the constitutionality of the Capper-Tamm bill passed by Congress to regulate grain exchanges and put them under direction of the secretary of agriculture was filed in federal district court here today by John Hill, Jr., a member of the Chicago board of trade. The date for hearing of the petition was set by Judge K. M. Landis for November 7.

SAN ANTONIO, Texas, Oct. 25.—Judge H. B. Minor, of the district court here, today decided to allow women to act as jurors in the case of the corporation of the United States Steel corporation.

## YOU'LL GET RID OF BLACKHEADS SURE

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of salicylic powder from any drug store—put it in a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever.

Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Pinching and squeezing only causes irritation, make large pores and do not get the blackheads out after they become hard. The salicylic powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.—ADVE.
